

TWYDIL® 4LEGS

TWYDIL® 4LEGS is a cosmetic cream for horses to be applied on tired legs after work.

Composition

Glycerine, kaolin, zinc oxide, water, calendula, arnica, thymol, eucalyptus

Indications

Soothing and relaxing cream to be applied daily to horses' legs. It is best applied systematically after work. It can be used on swollen joints and even on areas where skin has been lost.

Instructions for use

After work, the horses' legs should be washed and dried. Spread a thin layer of the cream over each leg without rubbing and leave to dry.

If possible, leave until next day then brush the residue from each leg before work.

After heavy work, where legs are very tired, spread a thick layer of cream over each leg and leave for 2 hours; wash, dry and then renew the application before leaving overnight.

Keep product away from eyes.

Store in original pack in a cool dry place. Close lid after use.

It is the user's responsibility to conform to the directives of the local competent authorities presiding over his region or country.

Concerning some ingredients of our formulas, the national regulations may change independently from the FEI rules.

Compositions also available on our website www.twydil.com.

Keep out of reach of children.
