Instructions for use

To be mixed with the daily ration:

Treatment test: 1 sachet of 50 g per day for three weeks.

The following times: 1 sachet per day for ten days.

Do not exceed recommended daily quantities.

Endurance horses: TWYDIL® CALMIN can contribute to a limitation of performance in some cases in long distance endurance races (more than 100 km).

Packaging

Box of 21 sachets of 50 g

Carton of 100 sachets of 50 g

Antidoping certificates

Each batch is officially certified by the LCH (following controls on final product, urine and blood).

LCH certificates are available on www.twydil.com (by entering the batch number).

It is the user's responsibility to check that the product complies with local regulations.

Storage and precautions

Store in original pack in a cool dry place. Minimum storage life (under proper storage conditions): until best before date shown on the sachet.

Keep out of reach of children.
